

## Cold Aisle Containment System

The Cold Aisle Containment System is a passive cooling solution which can be easily applied to improve the efficiency or expand the capacity of a data center with minimal incremental cost. By containing the cold air supply and isolating it from the rest of the room, cold aisle containment prevents mixing of cold and hot air. The room's perimeter cooling system can now operate more efficiently because it does not have to compensate for the detrimental impact of mixed airflow. This allows the cooling system to operate at higher temperatures while still sufficiently and safely cooling the equipment. Higher temperatures reduce energy costs through lower fan speeds, higher chilled water temperatures, and more frequent use of free cooling. This efficiency also provides additional capacity to cool greater heat densities with the existing cooling system without investing in more costly active supplemental cooling products.

**Easy to Install** – Quickly and easily attaches to VersaPOD and V600 cabinets

**Retrofittable** – Leverages existing perimeter cooling system and hot aisle / cold aisle arrangement

**Thermal Isolation** — Robust seals and self-closing doors ensure optimal isolation between hot and cold air

# Product Information

## PERFORMANCE SPECIFICATIONS

Specifications	
Material – Windows	Polycarbonate 4mm
Material – Metal Components	CRS
Finish	Textured powder coat
Color	Black (RAL 9011)
Light Transmission	87%

## Ordering Information

### Roof Panels

1200mm wide top frame panels with window  
 VC-RP-V6N-A12B.....V600  
 VC-RP-VPN-A12B.....VersaPOD  
 VC-RP-VPS-A12B.....SidePOD

### Door Kits

45U high doors with window(s), no lock  
 VC-DR-SSN-A12B.....Single self-closing  
 VC-DR-SMN-A12B.....Single manual-closing  
 VC-DR-DSN-A12B.....Double self-closing  
 VC-DR-DMN-A12B.....Double manual-closing

### End Panel

1200mm wide end panel with window to fill aisle space opposite the door.  
 VC-EP-A12B.....End panel, 45U

### Filler Panels

45U solid filler panels to fill spaces where cabinets are not present, such as where columns or other obstructions exists  
 VC-FP-V6N-AB.....V600  
 VC-FP-VPN-AB.....VersaPOD  
 VC-FP-VPS-AB.....SidePOD

### Accessories

VC-WM-V6N-AB.....Wall mount bracket, V600  
 VC-WM-VPN-AB.....Wall mount bracket, VersaPOD  
 VC-WM-VPS-AB.....Wall mount bracket, SidePOD  
 VC-RB-V6N-AB.....Riser Bracket, 42U to 45U, V600  
 VC-RB-VPN-AB.....Riser Bracket, 42U to 45U, VersaPOD  
 VC-RB-VPS-AB.....Riser Bracket, 42U to 45U, SidePOD

Note: Riser Brackets are required when using 42U cabinetests
